

**WELCOME**

**A WINERY. A HOTEL. AN EXPERIENCE.**

# THE WINERY HOTEL

---

*The Winery Hotel is the world's first hotel with an urban winery under the same roof. With in-house production in the lobby and grapes sourced from our vineyard Terreno in Tuscany, we offer a new way to stay, enjoy and meet - with a love of wine at its heart.*

At The Winery Hotel, an experience like no other awaits. As a guest, you can follow the journey from vine to bottle, learn more about wine through a sommelier-led tasting and enjoy food and wine in perfect harmony. The hotel is also a meeting place where comfortable facilities are combined with inspiring wine activities and gastronomic experiences. Even the hotel's architecture reflects the love of wine with rooms designed in an industrial style where the craft of winemaking takes centre stage. Brick walls, concrete ceilings and large floor-to-ceiling windows are softened by warm influences from olive groves in Tuscany, creating a modern yet welcoming atmosphere.

## THE WINERY

Behind the glass wall in the lobby lies our fully equipped winery, with stainless-steel tanks and oak barrels of various sizes and origins. Here we produce wine from grapes transported each year from Tuscany during harvest. Join a guided tour to follow the grape's journey from harvest to finished wine and enjoy a sample of our own production, Winery Red.

## WINE TASTINGS

Discover the world of wine through sommelier-led tastings, held several times a week. We also offer special tastings and other events. Please visit the calendar on our website for more information.

## RESTAURANTS

The hotel has two restaurants. At Terreno Kitchen, exceptional craftsmanship in both food and wine come together to create flavour experiences best enjoyed in great company. Around the corner from the hotel you will find our Italian trattoria, Gallo Nero, where our own wine and Italian dishes are served in a relaxed and lively setting.

## WINE BARS

In the lobby, you will find Winemakers Bar – a wine bar created for wine lovers. In addition to wines from our own Tuscan estate Terreno and our urban winery, we serve a curated selection of exciting wines from around the world. Here you will also find our wine dispensers, where you can discover and taste new and exclusive wines that otherwise might be difficult to access. During the summer, you can enjoy a glass of wine on the sixth floor at Winery Rooftop Bar.

# MEETINGS & EVENTS

*Host your next meeting, dinner or event in a setting shaped by the craft of winemaking. Here, the atmosphere of a vineyard in an urban setting creates a distinctive backdrop for a memorable and inspiring meeting experience.*

At The Winery Hotel, you will find seven flexible meeting spaces equipped with the technology you need, a spacious piazza that can be tailored to your requirements, two restaurants, a bar and a rooftop. Our venues are suitable for everything from intimate meetings to large conferences, kick-offs and exhibitions.

Adjacent to the Terreno Kitchen restaurant are our Chambre Séparée rooms, ideal for board meetings, dinners and smaller events when you wish to enjoy culinary experiences in a private setting. We tailor meetings and events to your specific needs and wishes.

>> *Submit your meeting request at [thewineryhotel.se](https://thewineryhotel.se) and we will get back to you with a proposal within 24 hours.*

## TERRENO

*The Winery Hotel is connected to Terreno, a vineyard in the heart of Chianti Classico, Tuscany. Here, the knowledge and passion of winemaking and dedication to artisanal wines have been developed and refined since the late 1980s.*

The Ruhne Family began producing wine here in 1988, and since then a philosophy has evolved that guides all work at the estate. Here, respect for nature, people and Tuscan tradition meets a modern approach to sustainability and quality.

Terreno produces terroir-driven wines where the sangiovese grape can express its full spectrum of nuances. The estate is organically certified and self-sufficient in energy. Under the leadership of Sofia Ruhne, Terreno continues to evolve with the same curiosity as always – a craft that requires sensitivity, precision and a deep respect for terroir.

The Winery Hotel makes it possible to share this knowledge and dedication to artisanal wines.

>> *Read more about Terreno's wines and the vineyard at [terreno.eu](https://terreno.eu)*
